DETAILED ACTION

Specification

1. The disclosure is objected to because of the following informalities:

On page 4, paragraph 0013 of the specification, it is unclear what the term "inferiorly ribbed" and "plant shape" encompass.

On page 5, paragraph 0014 of the specification, it is unclear what the term "posteriorly ribbed" encompasses.

On page 6, paragraphs 0015 and 0016 of the specification, the "forked terminal end" and the "posterior fork" both reference number 112.

Appropriate correction is required.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-10 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, lines 9 and 10, it is unclear what the limitation "integral to the medial and lower portion of the carriage" encompasses.

In claim 1, line 25, it is unclear what the term "encounters during movement of the carriage" encompasses. Does the square lever contact the carriage, or does it move near and in relation to the carriage?

In claim 1, line 30, it is not clear what the scope of the limitation "double effect" encompasses.

In claim 1, line 31, is it not clear if the limitation "oscillation" encompasses some sort of reciprocating movement.

In claim 2, it is unclear if the limitation "traverse" is the same as connected.

In claim 3, it is unclear to the examiner what the limitation "superiorly cooperates" encompasses. Is it connected in some sort of unique way to the bar?

In claim 5, it is unclear where the "anterior front of the gripper" is located.

In claim 5, it is unclear what a "major eccentricity force" encompasses. Is it a large force, or is it a force exerted by a portion of the eccentric?

In claim 8, it is unclear what the limitation "correct pressure encompasses".

Allowable Subject Matter

4. Claim 1 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
5. Claims 2-10 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Response to Arguments

6. The substitute specification has been received and accepted.

Art Unit: 3721

7. In light of the new grounds of rejection under 112, 2nd paragraph. This action is made non-final.
